

## PALS Surgeries Schedule

**PALS will be visiting the hospitals and mental health wards on the following dates from April to June 2017 – so if you would like to share your experience we will be very happy to meet with you.** PALS stands for Patient Advice and Liaison Service. That means we give patients advice and listen to them, and help patients give their views to the services that look after them. We can also provide information to patients and their families.
